

Pastor Nidio Familia

Pastor Nidio Familia has carried the call of GOD for nearly three decades. His journey began with a radical conversion that forever changed his direction. From that moment forward, his life has been marked by a steady passion to train, equip, and strengthen the body of CHRIST with truth and integrity.

Over the last 30 years, Pastor Nidio has emerged as a trusted voice in ministry training and coaching. He founded schools that focus on spiritual warfare, prophetic strategy, inner healing, and the development of ministerial character. Leaders who have walked through his teaching testify to the profound impact on both their ministries and their personal lives. His approach blends biblical conviction, practical insight, and the impartation of spiritual gifts, shaping a generation of pastors and leaders who can endure.

His ministry has reached far beyond local communities. Pastor Nidio has served in national and international congresses, seminars, and training events, carrying his message into diverse contexts where the fruit of his work continues to multiply. Academically, he holds a bachelor's degree in organizational psychology and pastoral ministry, a diploma from the Institute for Ministry Development, and advanced work in practical ministry — combining intellectual discipline with spiritual depth.

Ordained to the teaching office and pastoral ministry, Pastor Nidio is also a mobilizer of apostolic and intercessory teams, strengthening the Church with prayer and action. He spreads the message of GOD's love and sovereignty across regions with humility, conviction, and consistency.

Alongside his wife, Apostle Idella Liselle, Pastor Nidio models a ministry rooted in faith, perseverance, and love. Together, they embody the values of character, sacrifice, and service, and their partnership continues to impact lives across the globe.
